Above is the Four Pass information that will need to be **completely** filled out for the person you are buying for. The maximum number of people you can buy for, that are not present, is 10. Whether it is an immediate family member or a colleague who cannot make it to the sales event, the information must be **completely** filled out to purchase. Once the Four Pass is purchased, the purchaser must give the Customer # to their family member/colleague. If they have a pass from last year, they will need to sign a new liability form for the 2007/2008 season in order for their pass to become active. Liability forms can be filled out in advance of sales event and brought to the event or at a fulfillment location (Parents/Guardians can sign for children under 18). If photo is on file, passes can be printed out for those who are not present and have a signed liability. New customers or pass holders who have lost or disposed of their previous pass will need to have their pass printed out and sign a new liability form at one of the fulfillment locations. Locations for fulfillment can be found at www.passwagon.com.
